**Re: Contact Information for Chemetco Superfund Site in Hartford, Illinois**

Dear Mr. Martin:

Ice Miller LLP represents Sumco Inc. in connection with the United States Environmental Protection Agency's ("Agency") General Notice Letter and Information Request for the Chemetco Superfund Site in Hartford, Illinois. The Agency previously has sent correspondence regarding the Chemetco site to Sumco Inc. at 1351 South Girls Road in Indianapolis, Indiana. Please be advised that Sumco Inc. has changed its name to Ocmus, Inc. and is no longer located at the Girls School Road address. All future correspondence may be sent to Ice Miller LLP at the contact information included above.

Kind regards,

Susan Charles

**Re: Chemetco Superfund Site  
Hartford, Illinois (the "Site")**

Dear Ms. Kerr:

I am in receipt of an undated letter from Joan Tanaka address to Sumco, Inc. at 1351 South Girls School Road, Indianapolis, Indiana 46231 and The Corporation Trust Company ("CT") regarding the Site. CT forwarded the letter to us.

Please be advised that Sumco, Inc. is a Delaware corporation incorporated in December 2005 and qualified to do business in Rhode Island. It does not and never has conducted business in Illinois. Sumco, Inc. does not have an office at the Indiana address indicated in the letter from Ms. Tanaka.

Some research on our part leads us to believe that your office has misidentified Sumco, Inc. as a PRP instead of Sumco LLC, an entity having an address of 1351 South Girls School Road, Indianapolis, Indiana 46231 and engaged in the business of electroplating according to its website. I enclose a copy of the home page for Sumco LLC for your convenience.

I would appreciate a prompt written confirmation from you stating that Sumco, Inc. is not the intended recipient of the letter regarding the Site and that no further action need be taken on our part.

If you have any questions, please do not hesitate to call me.

Sincerely,  
  
Patricia P. Reeser  
Deputy General Counsel
